MEMORANDUM FOR: CIA Member, COMIREX

SUBJECT : Support of COMIREX Activities

To ensure that I am adequately informed and briefed on COMIREX activities and to give guidance regarding the CIA position on these activities, I would like you to adhere to the following procedures, in addition to those procedures you now follow with the production offices in both the DDI and the DDS&T.

a. I expect to be kept informed of the agenda items for all COMIREX meetings and the results of your canvass of production components, most imperatively when there are differences of view among these components. Similarly, I wish to be informed about differences of views among the COMIREX membership.

b. On major matters or papers, I would like a concise written brief on the issues involved and the views of CIA components.

c. Information copies of these briefs should also be provided to the ADDS&T.

d. In those cases where the Agency position seems to you to be uncertain, you should seek guidance directly from me and the ADDS&T.
